Do you have any suggestions for improvements based on experience at other institutes? We may use information provided in our annual external examining report:

Encouraging a spirit of collaboration in the students (especially with such a small cohort) is very beneficial, and seems to have been done well with this cohort. Continued access to and participation in online forums is extremely important for courses that are partly distance learning. I would recommend making the skills-focussed elements of examinations as objective as possible, and possibly breaking some of the questions down into smaller sub-questions would help to achieve this.

We welcome this suggestion and will take this forward in subsequent years.
