	The Royal Veterinary College, University of London
	The Royal Veterinary College, University of London, in partnership with the Zoological Society of London
	N/A
	Master of Science in Wild Animal Biology

Describe how and when students will receive feedback, individually or collectively, on their progress in the course overall.

Formative and summative feedback is given individually on all in-course assessment (when relevant as per RVC Feedback Policy) and exam marks (non-ratified until the June and September examination boards) are released as available in accordance with college policy.

No requirements

Assessment and Award Regulations

<https://www.rvc.ac.uk/about/the-rvc/academic-quality-regulations-procedures>

NB: Students planning more than a Stage ahead should be aware that the College will not deliver any module or part of a programme if circumstances have changed to threaten its quality or viability. Such offerings could change after a student has started the course. However, the College will always offer alternatives that will be of equal cost in both fees and add-on expenses to the student and of equal academic value.

Total Credit to be studied at this stage	60 at Level 7
There are no optional modules at this stage	
Award available for completion of the Stage	Postgraduate Certificate for 60 credits
