**English language requirements:**

All applicants must have achieved at least a Grade 4/C in GCSE English Language or have an acceptable alternative English Language qualification.

Please see our [English Language Requirements](#) page for a list of qualifications we accept as alternatives to GCSE. If you have taken an IELTS, the requirements are as follows:

IELTS (Academic) score of 6.5 or above with minimum 6.0 in each component

Applicants who have not achieved the required standard at the point of application may be made an offer that is conditional upon achieving it.

**International Applicants:**

International applicants must hold a recognised accredited overseas equivalent professional qualification.

If you hold an international qualification but are practising as a Veterinary Nurse in the UK you must have RCVS registration.

Please contact our Admissions Team for further information and to check the equivalency of your professional qualification.

**Candidates also applying for and enrolling with the RCVS CertAVN must meet the specific requirements as set out by the RCVS, to include:**

Be on the current RCVS Register of Veterinary Nurses.

Have evidence of sufficient CPD from the point of entry onto the RCVS Register for Veterinary Nurses (in line with the RCVS requirements) prior to registration for the RCVS CertAVN.

During studies, be employed in, or have agreed access to placement in, a suitable professional environment, tailored to their area of focussed study.

Before commencing studies, enrol with the RCVS specifying the accredited university or awarding organisation where they plan to undertake their studies and the title of the qualification.

Registration for the RCVS CertAVN will be valid for up to five years.

### **23. Aims of programme**

#### **Postgraduate Certificate in Advanced Veterinary Nursing (Level 7)**

The overall aim of the **Postgraduate Certificate in Advanced Veterinary Nursing** is to enhance the **professional development** of the Registered Veterinary Nurse and to:

- Provide learners with a sound understanding of the concepts and principles underpinning advanced veterinary nursing practice and enable them to apply those principles more widely within the clinical context, to provide creative solutions in veterinary nursing care.
- Provide a learning environment to enable learners to apply advanced analytical and decision-making skills to reach sound judgements and to be able to communicate these effectively.
