

10 Ways to Find a Job

There's more than one way to find a job. Planning your job search and using a variety of methods will increase your chances of success.

6. Industry news

Develop your commercial awareness by reading articles in sector specific blogs or magazines, such as New Scientist or The Economist.

Search career sites for your industry (e.g. marketing or pharmaceuticals) to find additional news sources. Use this knowledge to demonstrate your motivation and enthusiasm for both the company and industry on your application and at interview.

7. Unadvertised jobs and speculative applications
