You will also have the option to undertake a placement year. The industry-based placement involves an additional year based at an employer where you can focus on developing workplace skills and industry expertise that will sit alongside the knowledge you gain throughout your course. Please note that you will need to find your own placement, but support and guidance will be given, as well as tutorial support throughout your placement year.

Tuition fee of placements/sandwich year: £1,850.

All teaching staff at RVCare fully qualified to teach at Higher Education level. Most staff are involved in research and
