

Graduate Entry Veterinary Medicine Selection Process – 2025 entry

The RVC receives in excess of 1900 applications each year for approximately 250 places on our D100, D101 and D102 courses. We are committed to selecting our students using fair and transparent processes. As the majority of our applicants meet or exceed our academic entry requirements, we have developed selection methods which we believe enable us to recruit the students most suited to our degree programme.

All applications for 2025 entry must be submitted through UCAS by 15 October 2024. North American graduates only should apply using the VMCAS system, with a deadline of 16 September 2024. Late applications will not be considered. Emails confirming receipt of applications will be sent to all applicants via the Admissions Office, once the application has been processed by UCAS/VMCAS and received into our system. The email receipt will contain information about how to complete our supplementary form and provide a deadline to return this. We are unable to guereceived after the deadline will be co

The RVC may request further information from applicants at any stage during the process. Failure to respond to such requests, by the deadline given, may result in the application being made unsuccessful.

Applicants who are applying through UCAS and wish to apply to both the Graduate entry and standard 5-year route (D102 and D100), must submit a separate application to each course and thus use two of their UCAS choices. Applicants who apply only to the Graduate entry route will **not** be

the supplementary questionnaire answers as provided on their application and no additional or supplementary information.

Any applicant who, following the initial assessments, scores one point below the interview
